

# CHAPTER 10

## LECTURE OUTLINE

### Computer Science Illuminated, Seventh Edition

Nell Dale, PhD; John Lewis, PhD

## Operating Systems

### 10.1 Roles of an Operating System

Memory, Process, and CPU Management

Batch Processing

Timesharing

Other OS Factors

### 10.2 Memory Management

Single Contiguous Memory Management

Partition Memory Management

Paged Memory Management

### 10.3 Process Management

The Process States

The Process Control Block

### 10.4 CPU Scheduling

First Come, First Served

Shortest Job Next

Round Robin

### Summary

### Ethical Issues: Medical Privacy: HIPAA

### Key Terms

### Exercises

### Thought Questions
